**As a Looney Bird's™
Pizza/Entertainment Restaurant Operator,**

It's your business...

You sell the pizza...

You keep the PROFITS!

The LOONEY BIRD™ Difference...

You benefit from a turn-key operation. We provide the food products, training in food preparation & storage, kitchen equipment, theme/restaurant identity, and characters that are recognized and loved the world over. If you have your own mascot/theme, you can benefit from co-branding your operation with Looney Bird's™.

Expanded identity and additional appeal that will increase your profits, customer base, and expand your marketing tools.

Unlike most franchisers, our approach to joint success is to be flexible in allowing you enough control over your operation to be successful.

We want to work together in fine tuning your operation to meet the specific needs of your customers and your market.

While maintaining the Looney Bird™ identity and theme, you will be able to bring in games, rides, other food products, and co-brand your operation with other products and services.

“ Our present offering targets three different markets;

1. **LOONEY BIRD EXPRESS™** - This is for the small 1,500 - 2,000 sq. ft. operation that primary sells food and beverage for take-out and may have 10 - 15 seats for some eat-in business.
2. **LOONEY BIRD'S™ FAMILY PIZZA ENTERTAINMENT RESTAURANT** - The 3000 to 6,000 sq. ft. pizza entertainment restaurant. Primary profit centers are food products and birthday parties. This size operation may or may not offer games, redemption, soft play, and kiddie rides. We can assist and advise you in acquiring rides, games, redemption, and softplay equipment.
3. **LOONEY BIRD'S™ F.E.C. FOODSERVICE** - Co-branding your new or existing F.E.C.'s foodservice/party area. If you want to add more excitement and profit to your F.E.C. while maintaining your current or planned identity. We can offer you a turn-key foodservice program along with a party area/restaurant theme.

Co-branding is the direction successful operations are turning to in the '90's for additional profits and to continue to be successful.

Outlined below is the basic offering of equipment and cost related to our three primary concept offerings. Unlike franchise operations this can be modified to meet your needs. Additional terms and conditions may exist that will be detailed in our contract language.
